

DECLARATION OF CONFORMITY

Company:	AQUA S.p.A.
Address:	Via T. Crotti, 1 - 42018 - San Martino in Rio (RE)

With this document, the manufacturer in question, under his own responsibility, declares that the following products:

CIRCULATION COMPONENTS
<ul style="list-style-type: none"> - SKIMMER and accessories - NOZZLE and accessories - BOTTOM OUTLET and accessories - MECHANICAL LEVEL REGULATOR and accessories

They have been tested in relation to the European Standard UNI EN 16713-2 "Domestic swimming pools - Water systems - Part 2: Circulation systems - Requirements and test methods" which specifies the requirements and test methods for the systems of circulation used in swimming pools defined in the European Norm 16582-1.

The tests were carried out following the instructions in paragraph 5 and the relevant subparagraphs to guarantee the final consumer the operating and safety standards required by current legislation.

Type of tests performed:

- Entrapment test (Par. 5.3 e Fig. 5 UNI EN 16713-2)
- Obstruction test (Par. 5.3 e Fig. 6-7-8 UNI EN 16713-2)

Entrapment test	Assessment (Par. 5.3.4.2 e Fig. 5 UNI EN 16713-2)
The elements have passed the tests because in all 3 tests the traction force is <15 N.	

Obstruction test	Assessment (Par. 5.4.5 e Fig. 5 UNI EN 16713-2)
The elements have passed the tests because under the loading conditions it was possible to detach the test device from the suction system.	

To conclude we state that the objects of this document comply with the reference standards.

San Martino in Rio (RE), 03/05/2019
Emil Anceschi - CEO Aqua S.p.A.
