

POOL CLEANING PRODUCTS 06/10

QUICK VAC

Lightweight and very easy to handle, the Quick Vac' has been designed to clean pools and water features without limitations in less than 15 minutes (15m x 15m pool). Runs on a 36A battery, requiring no cables or electricity during operation and is great for cleaning pools of all sizes including residential and commercial pools, paddling pools and water fountains.

✓ Technical features

- Extraordinary suction pump to promote thorough cleaning even in the hardest to reach areas
- Easily detachable (elastic) filter to collect all kinds of impurities in the water
- Telescopic handle
- Manufactured in reinforced plastic for resistance to UV, high temperatures and corrosion
- Painted aluminium trolley with battery support to provide tidy storage of the unit
- Operates in less than 15cm of water
- Transmission: Four rotating wheels to allow 360° motion
- Filtration bags for various tasks. Available in 75, 105, 250 and 1000 microns

Four 360° rotating wheels
