# CHRONO MP3

“THE BEST-SELLING PUBLIC SWIMMING POOL CLEANER IN EUROPE...”

The Chrono MP3 pool cleaner is available in 3 different casing lengths, 4 cable lengths, 4 types of trolley, a choice of 4 degrees of filtration, 4 types of auto settings and 3 types of brush.

**mp3**

CONFIGURE YOUR CLEANER TO PERSONALISE YOUR NEEDS AND YOUR BUDGET.

### INCREDIBLY EASY TO USE

- To place the pool cleaner in the water, take the remote control and guide the cleaner into the pool at whatever location you desire. There is no specific starting point.
- To start, press the immediate start button or the timed start button
- To remove from the water, use the built-in handle and take hold of the device to lift out of the pool. The device only weighs 2.2kg when submerged in the water.
- Over time, parts may need replacing due to wear and tear. All parts including belts and brushes are easily replaced without the need for tools.
- For an improved customer experience, the cleaner provides verbal communication to confirm user preferences and offers simple maintenance instructions

### MAXIMUM HYGIENE

With its 50m<sup>3</sup>/h turbo pump, the MP3 is capable of removing all dirt particles that accumulates on the tile floor, along the grouting and around the seals.

When the cleaner detects a wall, it will operate in an upward motion and clean the pool sides including any algae that accumulates at the foot of the wall. And thanks to its umbrella opening filter, you can avoid touching impurities to clean the filter such as hair, mucous residues, plasters, chewing gum, sand and so on.

### EASY MAINTENANCE

Setup is included in the purchase of the pool cleaner. Free demonstration - We will configure the vacuum cleaner for you and provide training for all pool professionals on the use and maintenance of the product. Self-diagnosis is also included in every cleaner.
