

## SAUNA & STEAM ROOMS 16/04

# STEAM ROOMS

A steam room has a physiological effect on the body. The steam opens up the pores, increases the metabolism, elevates the heart rate, and the body begins to sweat. This can achieve many health benefits, especially when a steam room is used safely and frequently. The warm, moist air increases the body's circulation

and also loosens and relaxes muscles and joints. After a workout, a session in the steam room will help to keep the body relaxed and flexible, so that it will not lock up as a result of hard exercise. The steam room will also help the body to flush out toxins and make the skin cleaner, softer and healthier.

## FIBER GLASS STEAM ROOM

### ✓ Technical features

- Constructed from extra strong fiberglass reinforced MPC to ensure a long and trouble free service
- Can be custom made according to your required dimensions. Please ask your AQUA dealer for further details

## Models

PRODUCT CODE	NUMBER OF SEATING POSITIONS	OUTER DIMENSION cm	RECOMMENDED STEAM GENERATOR kW
S-5A	3	150 x 150 x 225	5
