

TILES 12/22

3D GLASS MOSAIC MEZCLA

Refined blend of tones and textures that create depth, movement, and visual elegance. The three-dimensional surface enhances light reflection, adding a premium and dynamic character to any space. These blends are designed to deliver a modern, sophisticated finish suitable for both residential and commercial applications.

Note: There may be a slight deviation in colour between batches. We always recommend to order the entire swimming pool tiles in one go and to ensure the batch number is the same of all tiles before starting installation.

- Made in Spain
- 98% Recycled Glass
- Eco Friendly
- Green & Sustainable Products

All ONIX 98% recycled glass mosaics series are made of molten glass. Molten glass characteristics may include irregular edges and small variations in size. These characteristics are inherent to the product and to the standard production. The small size and shape variations can affect the grout joint appearance and enhance the natural aspect of these products.

Your global partner since 1974. Trusted for superior quality and exceptional innovations.
